AMERICAN PLATFORM

At a meeting of the chief Council of the A. merican Party for the District of Columbia, comosed of delegates from the subordinate councils f said district, the following Platforms of priniples and opinions. was recommended to the National and State councils of the American arty for adoption.

1st. An humble acknowledgement to the Sureme Being wao rules the universe, for his manifested to us, their decendants, in the preservation of the liberties, the independence, and he union of these States. 2d. The perpetuation or the Federal Union as

he paliadiumn of our civil and religious liberties, and the only sure bulwark of Ameaican Indipen-3d. AMERICANS MUST RULE AMERICA, and to

this end, NATIVE born citizens should be elected or all States, Federal and municipal officers of overnment employment, in preference to natualized citizens, nevertheless; 4th. Persons born of American parents resid-

ng temporarily aboard, should be entitled to all the rights of native born citizens: but 5th. No person should be selected for political

tation (whether of native or foreigner birth.) who recognizes any allegiance or obligation of any desr ciption to any foreign prince potentate, or power; or who refuses to recognize the Federal or State constitutions [each within its sphere] as paramount to all other laws, as rules of political action. 6th. The unqualified recognition and main-

enance of the reserved rights of the several States, and the cuntivation of harmony and fraternal good will, between the citizens of the several States, and to this end, non-interference by each State with the affairs of any other State.

7th. The recognition of the right of the native and foreign-born citizens of the United States, permanently residing in any Territory thereof, o frame their constitution and-laws, and to regulate their domestic affairs in their own mode, ubject only to the provisions of the Federal Constitution, with the right of admission into the Union whenever they have the requisite population for one representative in congress. Provided, always, that none but those who are citizeus of the United States, under the constitution and laws thereof, and who have fixed residence in such a Territory, ought to participate in the ormation of a constitution, or in the enactment of laws for said Territory 8" State.

8th. An enforcement of the principle that no State or Territory can admit others, nativeborn citizens to the right of suffrage, or of holding politic office, unless such persons shall have been naturalised according to the laws of the Inited States.

9th. A charge in the laws of naturalization making a continued residence of twenty-on years, of all not heretofore provided for, an indispensable requisite for citizenship hereafter and excluding all paupers and persons convicted of crime, from landing on our shores; but no interference with the vested rights of foreigners.

19. Opposition to any union between Church and State, no interference with religious faith, or worship, and no test oaths for office, except hose indicated in the 5th section of this platform. 11th. Free and through investigation into any

and all alleged abuses of public functionaries, and a strict economy in the public expenditures. 12th. The maintenance and enforcement of all laws until said laws shall be repealed, or shall be declared null and void by competent judiedl authority.

Opposition to the reckless and unwise olicy of the present administration in the general management of our national affairs, and more especialy as shown in removeing "Americans" (designation) and conservative in, principal, from office, and placing foreigners and ultraists in their places; as shown in truckling subserviency to the stronger, and insolent and cowardly brevado towards the weaker powers; as shown in reopening sectional agitation, by repeal of the Missouriu Compromise: as shown in grantng to unnaturalized foreigners the right to frage in Kansas Nebraska; as shown in the refrage in Kansas Nebraska; as shown in the removal of Judge Bronson from the Collectorship of New York upon false and untenable grounds; as shown in the corruptions which provade some of the departments of the governments as shown in the departments of the governments as shown in advance. disgracing meritorious naval officers through rejudice or mean capricy, and as shown in the blundering mismanagement of our foreign rela-

14th. Therefore, to remedy existing evils, and prevent the disastrous consequences otherwise resulting therefrom, we would build up the 'American party" upon the principles herein before stated, eschewing all sectional questions, and uniting upon those purely national, and admitting into said party all American citizens, (referred to in the 3th, 4th, and 5th sections.) who openly avowed the principles and opinions heretefore expressed, and who will subscribe their names to this platform. Provided, nevertheless, that a majority of those members present at any meeting of a local council where an applicant aplies for membership in the American party may, for any reason by them deemed sufficient, deny admission to such applicant. 15th A free and open discussion of all political principles embraced in our platform.

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

free to all inquiring.

Annexed we give Directions for their use in the com-Plaints which they have been found to cure.

FOR COSTIVENESS. — Take one or two pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it had be again to a proportily relieved.

hould be, as it can be, promptly relieved.

For Dyspepsia, which is sometimes the cause of Costineness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the teartburn, bodyburn, and southurn of dyspepsia will rapidly disappear. When it is gone, don't forget what cured was a supplementation of the continuous content of the content of the

FOR A FOUL STOMACH, or Morbid Inaction of the Bow els, which produces general depression of the spirits and tad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength are

estored to the system.

For Nervousness, Sick Headache, Nausea, Pain in the Stomach, Back, or Side, take from four to eight wills on going to bed. If they do not operate sufficiently, take more the next day until they do. These combinates will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, and all diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases, which seemed to saturate the whole system, have completely yielded to to sagnate the whole system, have completely stated to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pim-ples, blotches, ulcers, sores, and all or any of the un-clean diseases of the skin, because your system wants

To Purify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff pofore the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

they are making every where.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affec-LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement—either torpidity,
congestion, or obstructions of the Liver. Torpidity
and congestion vitiate the bile, and render it unfit for
digestion. This is disastrous to the health, and the constitution is frequently undermixed by no other cause.
Indigestion is the symptom. Obstruction of the duct
which empties the bile into the stomach causes the bile
to everflow into the blood. This produces Jaundice. to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or, alternately, costiveness and diarrhæa, prevails. Feversh symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and and metanenory, with sometimes finantity to sietp, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes be-come a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tensore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhea, dysentery, &c. A medium dose of three or four pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, and all Inflammatory Fevers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

ently, but freely.

As a DINNER PILL, this is both agreeable and useful

No pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed. PREPARED BY

R. 'S. RADWAY'S READY RELIEF

RADWAY'S READY RELIEF

Is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will aliey the most torturing aches, pains, cramps, spashs, burns, scalds, &c., quicker than Morphine, Chloroform, Veratrine, or any other anodyne or remedy that has ever been used by modical man.

It is safer than those dangerous remedles. The public willbear in mind that Chloroform, Morphine, Optum &conty stiffe the pain by stupifying the senses, so that the perceptive faculties loose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Kellef stops, thas pain and removes the cause of the disease that occasions it, it infuses new hise into the weak and diseased parts. It braces up the nerves, shdestablishes in the system a reaction of health and strenght in place of pain, weakness and disease.

As a counter irritan, Kadway's Ready Relief spplied to the surface of the body, where there is inflamation or congestion, it will instantly scatter the congested blood, evualizes the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in asses of Lumbago, Gout, and Rheumatism in their most terrible forms, where an application of Radway's Ready Relief will restere the patient to case and comfort. Crippled with Rheumatism, Arm and

Leg perished -- No hopes of his recovery -Timely use of R. R. R.-A wonderful Cure.

Cure.

Rapids Parish, La., June 10th. 1855.

Messrs. Radw & Co.—Radway's Ready Relief nascured Peter May of Rhounatism, when there was no kappe of his ever recovering. I heard of his situation and I sont for him. His right arm and log was all perished.—He had no use of them stall; but by the use of your medicine, in two months he was carrying the mail from Chorryville to Buar's Ferry. I objected. He said he must do something for a living. It has been fonrteen months since he was cured. He is now well, and is working on his farm, and the whole coat of his cure for your medicine was five dollars.

RADWAY'S REGULATORS. Cure.

working on his farm, and the whole coat of his cure for your medicine was five dollars.

RADWAY'S REGULATORS.

We here direct the attention of the public to our newly discovered remedy—RADWAY'S REGULATOR'S—thay possess the great curative properties of a Purgative cathartic, aperieut, sudorific, anti-dyspeptic, corr ctor and Regulator of the system. They are in fact the nly perfect purgative or cathartic remedy that has ever been discovered or given to the world.

Radway's Regulators will answer a better purpose than Calomei or Mercury, without entailing on the system the terrible injuries of these baneful drugs.

They are in the form of Pills, elegantly coated with gum, perfectly tasteless, and can be taken without sickening or nauscating the patient. They are lo be used in all cases when the system is out of order, or under the influence of disease. One or two doses of Radway's Regulators has frequently checked the progress of the most terrible diseases, and restored the system to health and regularity.

They establish new and improved principles in Medicine, and seeure the great end important power of regulating to a healthy, natural and harmonious action, each and every organ in the body. This great controlling power has never formed any part of the properties of the popular Cathartic, Vegetable or Indian Purgative Pills, that have ever been in use-Radway's Regulators rid the system from disease and restore the human body to health, on entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pilis.

One or two of Radway's Regulators will remove the cause that occasions pain or sickness, or an irregular or unnatural action or condition of the organs of the body; quicker, more effectual, and with less trouble to the patient than six or ten of the common cathartic or purgative pilis. The moment Radway's Regulators are taken into the system afflicted with disease, their equalizing efficacy begins; they search out the elements of disease wherever it may be

THE BOWELS.

All of the common pills of the day called Vegetable, Indian, Cathartle, &c., claim that they cure disease by purging from the bowels. This is as fag as they go—they act upon the bowels by irritating the mucuous membrane and thus obtain an evacuation in the same manner as the bowels are moved by eating something that disagrees with the system. This is truly an unnatural method of restoring the system to keath, by swallowing pills that disagrees with and irritates it. Those who have faken these common pills are well aware of the weak and debilitated condition their systems are left in. After the scouring operation of these drastic purgatives is over the bowels are sore and feeble, and again become costive and bound up. Hence arise dyspepsia and a host of discases. Radway's Regula orsanever leave the bowels in a costive condition, or occasion pain or weariness in their operation. THE BOWELS.

COLDS AND FEVERS.

When the system is first seized with a sudden cold or a fever sets in. A dose of from three to six of Rad way's Regulators should be taken—this is all the medicine, at this stage of the discose that is required, in a few hours the system will be restored to round health. But if the cold and fover is neglected and coughs headaches, colds, chills, pains and aches in the Hinds, joints, muscles, bones, side and back, sore throat, hoarseness, difficult breathing, follows the cold 2nd fever—then Radway's Keady Relief should be applied externally, and a good dose of the Regulriers taken. As soon as the Relief is applied a reaction will take place, and in a few hours the patien will the freefrom all pain or annoy ance.

If these signs of the presence of disease in the system re unnoticed, and violent fevers break out, in the form f Bilious, Typhoid, Scarlet, Ship Fever and other maligant fevers, such as Pucumonia, Lung Fever and Brain

mant fevers, such as Pneumonia, Lung Fever and Brain Fever, a more rigid treatment becomes necessary. The Regulators should be given every four hours, in largedoses of from four to six, until free Lind copious discharges from the bowels are obtained. The relief applied will produce a salutary effect upon the skin, and taken it water, will abate the lever.

If inflamation or congestions take place, Radway's Regulators and Ready Relief should be taken in large doses. A cure will quickly follow their use. In case of Billousness or Malignant Billous Fever, or Billous Pueumonia, Radway's Regulators, given in full doses, and the whole surface of the body with Radway's Ready Relief, effectually and speedily cure the patient. If Kheumatism, attacking the joints and limbs, in-Ready Relief, effectually and speedily cure the patient. If Kheumatism, attacking the joints and limbs, inflicting its terrible piercing pans of pain with merciless rapidity—changing about from joint and from limb to limb, lumbargo, Neuralgia, or gout afflicts you, Radways's Ready Relief applied applied to the parts where the pain is felt, will quickly relieve you from its excruciating pangs. Radway's Regulators will expel from the intestines all irritating and corrupt humors.

Small Pox—Scarlet Fever—Measles. Radway's Ready Relief is not only a cure for these infectious maldies. Small Pox-Scarlet Fever-Measles.
